This lawsuit involves three separate FOIA requests, each of which seeks records from twenty (20) separate Executive Branch agencies related to their respective pre-publication review processes—the policies and procedures governing the review of written materials drafted or prepared by current or former federal government employees, which discuss or reference their federal government service, prior to public release. *See* Compl. ¶¶ 1, 14-123.

FOIA Request 1 contains three separate requests that broadly request all written communications, inter- and intra-agency correspondence, and records reflecting interim, final, or after appeal decisions related to the pre-publication review processes of each of the ten (10) Defendant agencies in connection with pre-publication requests submitted by twenty-two (22) separately identified individuals. *See id.* ¶¶ 14-18.
