Dear All,

Based on our review of the discovery you provided and the deposition testimony of Messrs. Armstrong and Watson, it has become clear to us that there are numerous gaps in Defendants' productions. The attached letter identifies the documents that are missing and should be turned over immediately. Because the 30 day deadline for you to respond to our RFPs and interrogatories has already lapsed, we ask that you respond to the attached letter by **close of business tomorrow** or we will have to file a motion to compel.

Regards,
Noam

Re: ***American Association of University Professors v. Rubio*, 25 civ. 10685-WGY**

Dear Counsel:

The following list identifies responsive documents Plaintiffs are aware of but that are missing from Defendants' document production. These documents should have been produced by the deadline of June 13, 2025, and should now be produced immediately. If Defendants assert the deliberative process privilege, law enforcement privilege, or presidential communications privilege, Defendants most provide a privilege log and submit the documents to the Court for *in camera* review. Because you have failed to meet the deadline to provide these documents set forth in the Federal Rules of Criminal Procedure, we respectfully request that you produce the documents by **close of business tomorrow, June 17, 2025**. If you do not produce the documents by that time, we will be forced to file a motion to compel.
