2. upon 30 days' written notice to a bus company, the County may terminate the lease and repossess all of the units to allow the County to publicly operate, directly or indirectly, the services presently being operated by that company;

3. in any twelve month period, upon ninety days' written notice to a bus company, without that company's consent, the County may require that company to surrender from one to four vehicles (depending on the company) or to accept a like number of additional units;

4. in any twelve month period, upon one year's written notice to a bus company, without that company's consent, the County may require that company to surrender up to 11% of the vehicles under this lease, up to a maximum of 33⅓% of the vehicles over the twelve year term of the lease.

In addition, the County may terminate the agreement if the principals sell, assign, transfer, etc. the lease, their operating agreement with the County, their franchises, or their company or if the County terminates the operating assistance agreement for cause or the bus company fails to cure a default under the lease itself.

Subject to the approval of the New York State Commissioner of Transportation and the Metropolitan Transportation Authority the lease will cover, in addition to the new advanced design buses, the fleet of buses purchased by the County in 1970 with New York State bond issue and other non-County funds. These buses were leased for a period of ten years and it is deemed appropriate to include them in one comprehensive, updated lease agreement at this time.

The procurement of the 105 new buses represents a major upgrading of the equipment in use in the County and its operation by the private operators under contract will enable them to provide better, more comfortable service to the bus riders of Westchester.

Your Committee, therefore, recommends that your Honorable Board give favorable consideration to the following resolution:

RESOLVED, the Board of Acquisition and Contract is authorized to enter into lease agreements with the bus carriers which provide mass transit service in the County for the lease of 105 advanced design buses on the terms described herein and to extend the existing leases for 77 buses to the same carriers under the same terms and conditions as stated herein; and be it further

RESOLVED, that the County Executive or his duly authorized designee be autorized to execute said lease agreements.

COMMITTEE ON LEGISLATION

TO THE COUNTY BOARD OF LEGISLATORS
OF THE COUNTY OF WESTCHESTER, NEW YORK

Over the past few years, the Law Department has been working closely with General Code Publishers to compile, renumber and tabulate certain County legislation and to designate such legislation as part of the laws of Westchester County. Their combined efforts have produced a single volume which contains the laws of the County in an accessible, managable and attractive manner.

The legislative process requires your Honorable Board to approve this new compilation by adoption of a local law.

Accordingly, after due deliberation your Committee offers the following local law for your consideration.

DATED:
White Plains, New York
