Exhibit F

LWC § 273.51

Sec. 273.51. Municipal functions not abridged; jurisdiction of local criminal courts; violations under local ordinances; right of removal; disposition of fines.

1. Nothing herein shall be construed to abridge the right of any municipality within the county to perform its lawful functions of government within its boundaries or consistent with present law to pursue and apprehend as it lawfully may any person or persons who commit any breach of any statute, ordinance or regulation.

2. A local criminal court having jurisdiction within a subdivision of the county where property is owned or under the control of the county, or owned or under the control of the state or any municipality in the county with which the county has a specified agreement or contract for police services, shall have jurisdiction to hear and determine all charges involving the violation of any rules, regulations or ordinances adopted by the County Board or the Departments of Public Works and Transportation, Environmental Facilities and Parks, Recreation and Conservation. All such violations are defined as misdemeanors for the sole purpose of making applicable all procedural provisions of law relating to misdemeanors, with the exception of a trial by jury.

3. Where such violation is committed on the boundary of two or more such municipalities or within 500 yards thereof, or partly in one and partly in another, or the acts or effects thereof constituting or requisite to the commission of the violation occur in two or more such municipalities, the jurisdiction shall be in either of the municipalities comprising and being, respectively, jurisdictions of any such local criminal courts, and jurisdiction is also in any court held in and for the county if such court has jurisdiction of persons accused of committing a misdemeanor and who may be lawfully prosecuted by indictment.

4. Where any violation of such rules, regulations, or ordinances shall constitute a violation of any statute or of any ordinance, rule or regulation of any city, town or village, the offender may be prosecuted either under the provisions of such statute, ordinance, rule or regulation, or under the rules, regulations and ordinances adopted by the County Board or the Departments of Public Works and Transportation, Environmental Facilities and Parks, Recreation and Conservation. A conviction or acquittal under one shall bar a prosecution for the same act or omission under any of the others.

5. The jurisdiction above given to said courts to hear and determine all violations of any such rule, regulation or ordinance adopted by the County Board or the Department of Public Works and Transportation, Environmental Facilities and Parks, Recreation and Conservation shall be subject to the right of removal as provided by the Criminal Procedure Law to a court having authority to inquire by the intervention of a grand jury into offenses committed within the county.

6. All fines collected under the provisions of this section in a city, town or village shall be paid to such city, town or village and credited to the general fund.
